Bridges to Belonging

KICK-OFF MEETING IN WARSAW

On **December 01-02, 2025**, our project partners gathered in **Warsaw** for the Kick-Off Meeting of the "Bridges to Belonging" project. This first face-to-face gathering gave the consortium the opportunity to get to know each other better, discuss the project's objectives, review the work plan, clarify roles and responsibilities, and agree on the next steps for implementation.

Through open discussion and collaborative planning, the meeting helped build a strong foundation for effective cooperation and for the successful implementation of the next phases of the project.

Key highlights included:

- Progress of ongoing surveys, collecting input from displaced Ukrainian students
- Review of the first steps toward developing the Comprehensive Integration Framework
- Discussion and validation of the Dissemination Plan

As we continue our project journey, we are pleased to share the resources, tools, and materials developed so far through the project website. These materials reflect the work carried out by the partnership and aim to support learning, awareness, and practical engagement with the project's themes.

The website will continue to serve as the main space for project information, including updates on activities, news from partners, upcoming events, and new results. We invite you to explore what is already available and to stay tuned as more content and opportunities will be shared throughout the project.
